# Tulip Mania Coming Soon!

Once valued higher than gold, tulips are still a treasure that many adore. Even the first recorded economic bubble was related to tulips and known as "Tulip Mania". Since then Dutch have continued to raise their favorite flower. Today The Netherlands remains the chief source of tulip bulbs for much of the world. Oregon Flowers has planted 2.5 million tulip bulbs this year including traditional tulips, "fancy" tulips and "parrot" tulips. Some of the traditional shaped tulips you can look forward to are: Strong Gold (yellow),

*Snowlady*

Lalibela (orange), Negritta (purple), and Snowlady (white). This year we have once again expanded our selection of "Fancy" tulips available to you:

- Orange Princess is a stunning double orange tulip that is on the shorter side, but does have a substantial vase life.

*Orange Princess*

- New Design is an unique pink tulip due to the fact that it has a variegated stripe on the leaf and the flower.

*New Design*

- Melrose is a double tulip tinted pink with white edges. -Monarch Beauty has elegantly curled petals that come colored in a blend of orange, pink, and peach.

Tulips are one of the world's most easily recognized and loved flowers. Not too elegant, too romantic, too big, too small, nor too bright; the tulip is always just right. Tulips will be available mid-December in a variety of colors and styles. To get an entire list of tulip varieties please refer to our website:
