Tulip Season is Right Around the Corner!

Tulip Standing Orders:

We are getting ready for our favorite time of the year... Tulip time! We are now taking standing orders for the upcoming tulip season. Please be sure to get your standing order in soon to ensure optimal assortments during our Tulip season!

The Netherlands remains the chief source of tulip bulbs for much of the world. This year we have planted 2.5 million tulip bulbs from Holland. As Christmas is approaching, we will begin with red and white tulips. This holiday season we will have

Ile de France

White Gander available in white, and Ile de France, Ben van Zanten and Lefebers Memory available in red.

Once we bring in the new year, we will expand our varieties to many colors and shapes. We will be offering many beautiful, strong tulips as well as some novelty tulips. The novelty tulips include the crisp or fringed, doubles and the parrot tulips.

Orange Princess

The always popular and highly requested parrot tulips will begin in January with limited quantities. Their numbers will pick up as we get closer to

Valentines Day and continue through Mothers Day.

Keep your eye out for these standout varieties:

Verona: Beautiful double, cream colored tulip

Denmark: A two tone yellow and red, a strong color and strong variety.

Snowboard: This is a new white to keep an eye out for. It has a very nice color and nice full tulip

Snowlady: A nice bright white

Orange Princess: Popular double orange.

Match: New two tone color with pink with and orange.

Lalibela: Beautiful deep orange

Lalibela

Visit to Gebr. Vletter & Den Haan

During our visit to Holland, we had the wonderful opportunity to visit the market leading Lily hybridizer Gebr. Vletter & Den Haan. Many of the successful varieties that we carry were introduced by Gebr. Vletter & Den Haan. They demand a certain quality with each variety that runs along the same

lines as the the quality that we look for when choosing new varieties to offer to you. The quality demands that Gebr. Vletter & Den Haan look for are that every flower has to have a beautiful color, good ornamental qualities, and last but not least, a long vase life. Currently we carry Casablanca, Santander, Conca

D'or, Sorbonne, Belladonna, Chili, Eudoxia, Lodi, Lesotho and Parasol, all introduced by Gebr. Vletter & Den Haan. It was great to get a sneak peak on new varieties and see the process from start to finish!
