Over the last 18 years Oregon Flowers has built a strong relationship with Dutch Flower Line. They appreciate the consistency and quality that Oregon Flowers provides.

Dutch Flower Line does not lack in the diversity of their customers. From florists and event designers to caterers and photographers. Their many customers look forward to Oregon Flowers' year round lilies, but Casper mentioned they request "Eremurus, Hops and Giant Allium specifically from Oregon Flowers every year."

Head greenhouse grower at Oregon flowers celebrates her 25th year!

25 years ago Jeanette walked through the door of Oregon Flowers as the first employee to be hired. Ever since her first day Jeanette has always been a reliable and hardworking individual.

Jeanette is responsible for all aspects of growing. Over the last several years she has been involved in developing our biological control for the lily operation. The success of the biological control has led to very few insecticides being used today. This is just one example of her determination to make a better environment for employees and customers.

Thank you Jeanette for your dedication to Oregon flowers!
