OREGON FLOWERS, INC.®
"Flowers grown with a Dutch touch"

VOLUME 1, ISSUE 1

SEPTEMBER 2010

Welcome to Our First Newsletter!

Oregon Flowers, Inc. is the premier cut flower grower in the Northwest. It's goal is to provide a quality product, that is very consistent and reliable. Owners of Oregon Flowers, Martin and Helene Meskers have perfected a special growing technique that allows Oregon Flowers to provide year-round availability for their exquisite lilies. You can be assured that year round Asiatics, LA hybrids and Oriental lilies will arrive in the best condition week after week and year after year.

Through this newsletter we hope to provide you with information as to what we are currently shipping out as well as what you can expect to see in the next month. We hope to inform you about current products as well as let you know about new varieties

and products that we will be expecting.

New Sales Associate: Jacinth Reese

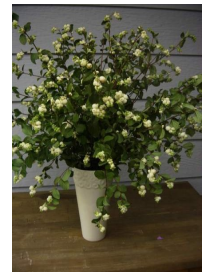

Jacinth has recently joined our sales force with a strong background in the floral industry. She has grown up with a love for flowers and followed her passion to New York City where she worked for a prominent Event Design Company. Jacinth brings her knowledge and energy to our sales force. She enjoys working out, spending time with family and dancing.

Now Featuring: Snowberries

Snowberries are unlike almost any other plant in the world. With its elegant berries and delicate look, the Snowberry has quite an enchanting quality. The small clusters of pink flowers in the spring become the pale pink berries in the summer and egg-white berries of late summer.

In this way, they offer great fall and winter interest. The berries are rarely heavy laden, but instead seem to float lightly in the air, all about the plant. This and their small, scattered leaf pattern, give the plant a low but airy quality. Beautiful Snowberries are bunched in 10 stems.

Light Pink Snowberries will begin this week! Call to place your order today!
