OREGON FLOWERS, INC.®
"Flowers grown with a Dutch touch"

VOLUME IV, ISSUE IX

SEPTEMBER 2013

Hydrangea

It is that time of year again! The beautiful and attention grabbing hydrangeas are available! They have had time to firm up, and are ready to be cut. These striking flowers are available in the beautiful antique color. Do not expect soft heads with our hydrangeas. In order to achieve the vibrant

color and large head size, we give them time to firm up in the fields before we cut them. You will love these bright memorable blooms with strong sturdy stems.

Hydrangeas come in five stem bunches and are packed 12 bunches in a box!

Asiatic Lilies

The hardest of the lilies, Asiatic lilies provides strength and beauty. Most popular for their fragrance free blooms, they are wonderful in arrangements or in a vase on their

own. These stunning bunches are strong, tall and full. We offer the fabulous Asiatic lilies in yellow (Serrada, Pavia, Yellow Diamond), orange (Brunello, Tresor,

Bariton), red (Red Sensation), white (Navona), and pink (Vermeer, Renior, Indian Summerset). Be sure to ask for these amazing lilies from your sales associate!

Martin's Message: SAF Convention

The annual Society of American Florists Convention will be held in Phoenix, Arizona on September 18th-21st this year. Helene and I try to attend every year because it is the one time we can talk to fellow growers, meet up with our wholesale customers, and get to know the florist/designers that work with our product.

This year we are again entering some of our flowers in the "Outstanding Varieties Competition." On display will be some of the best fresh product available on the market, grown by growers from all over the USA and world.

The educational sessions are top-notch, but the best part is meeting people from our industry, and

talking about our challenges and opportunities. Every year we return from the meeting with renewed enthusiasm about our business and industry.

We hope to see you there! If you have never attended this convention, give it a try. You will be glad you did!
